

ENGINEERING A STRONGER ASCE

YEAR IN REVIEW

ASCE
FOUNDATION

2022

Dear Friends and Colleagues,

I am delighted to share the 2022 Year in Review of the ASCE Foundation on behalf of the ASCE Foundation Board, Council of Trustees, and foundation staff.

2022 was a transformative year. Our merger under the ASCE umbrella allowed us to streamline our operations and transfer ownership and management of ASCE's headquarters building to ASCE. We welcomed new volunteers and staff while bidding farewell to retiring leaders. Amid the change, our commitment to advancing civil engineering remained steadfast. Let me review some initiatives that exemplify our dedication to our mission in 2022.

We supported the advancement of Future World Vision, the multiplatform initiative inspiring and educating engineers and the public about our role in constructing a sustainable and resilient future. With immersive experiences such as virtual reality, engaging web-based apps; and an upcoming captivating IMAX film, *Cities of the Future*; Future World Vision highlights tomorrow's boundless possibilities while underscoring civil engineers' importance. To support these efforts, we have raised over \$1 million.

The *Report Card on America's Infrastructure*, a project supported by the foundation, raised public consciousness on the importance of ongoing investments in America's infrastructure. ASCE's endeavors contributed to the passage of the \$1.2 trillion Infrastructure Investment and Jobs Act. We championed funds supporting sustainability, open-access research, and disaster response. Using cross-disciplinary teams, each fund allows ASCE to find innovative solutions for more environmentally friendly and responsive infrastructure to withstand the impacts of climate change and natural disasters.

Empowering the next generation of civil engineers is central to our efforts. Last year, we invested in scholarships, grants, and initiatives to equip young engineers with the skills and experiences needed to excel. These investments have yielded remarkable programs for the foundation, including the Robert P. Waddell Endowed Fund for Young Professional Leadership and Innovation, the Jean-Louis and Janet Briaud Endowed Fund for Student Activities, and the Knut Eriksen Leadership and Management Fellowship Fund.

Each milestone is achieved because of your contributions. Thank you for your leadership and philanthropy.

As our work continues, we must build on our successes to meet today's and tomorrow's challenges. Together, there is no limit to what we can achieve.

Sincerely,

A handwritten signature in black ink, appearing to read "H. G. Schwartz Jr." The signature is fluid and cursive, with a large, stylized "H" and "G".

H. G. (Gerry) Schwartz Jr., Ph.D., P.E., Pres.02.ASCE, NAE
ASCE Foundation Board Chair

2022 LEADERSHIP

Foundation Board

President | H. G. "Gerry" Schwartz Jr., Ph.D., P.E.
Pres.02.ASCE, NAE

Vice President | Jon D. Magnusson, P.E., S.E., F.SEI,
Dist.M.ASCE, NAE

Treasurer | Jean-Louis Briaud, Ph.D., P.E., D.GE,
Dist.M.ASCE

Secretary | Maria C. Lehman, P.E., ENV SP, F.ASCE

Director | Dennis D. Truax, Ph.D., P.E., DEE, D.WRE,
F.NSPE, F.ASCE

Chair, Council of Trustees | Dallas Little, Ph.D., P.E.,
Dist.M.ASCE

Director | Thomas W. Smith, III, ENV SP, CAE, F.ASCE

Interim Assistant Secretary | Andrew O'Connell,
Aff.M.ASCE, Administrator, ASCE Foundation

Assistant Treasurer | Pete Shavalay, Aff.M.ASCE,
Chief Financial Officer, ASCE

Region 8 | Fred Nelson, P.E., S.E., F.ASCE

Region 9 | John B. Rogers, P.E., F.ASCE

Region 10 | Elias Boutros Sayah, Ph.D., P.E., F.ASCE

Mission

The ASCE Foundation develops resources to build a stronger profession to meet tomorrow's national and global challenges.

Vision

The ASCE Foundation provides support for ASCE programs that enhance quality of life, promote the profession, advance technical practices, and prepare civil engineers for tomorrow.

ROAD MAP

Activities

The ASCE Foundation engages the philanthropic community, invests in students as the next generation of civil engineers, shares information about the profession and infrastructure, and provides opportunities for professional and personal development and networking.

Investment

The ASCE Foundation cultivates and develops a culture of philanthropy to support ASCE activities and special projects to advance the civil engineering profession.

Ongoing Outcomes

3-5 Years

With strong professional networks and the availability of ASCE resources funded by the ASCE Foundation, civil engineers will have the skills and partnerships to create innovative sustainable solutions for the problems facing their community and communities across the globe.

Immediate Outcomes

1-2 Years

Through Foundation-funded programs, ASCE members continue to grow and gain new knowledge and skills as individuals and professionals. The profession, Foundation, and ASCE grow in new and positive directions as opportunities arise.

Long-Term Impact

5+ Years

Through ASCE Foundation-funded programs, ASCE members will become successful thought leaders who solve pressing societal challenges and improve quality of life while investing in the next generation and planning for a brighter future.

FUNDING AREAS

Education Programs

Your gifts support the continuing education of ASCE members and inform the public about civil engineering and its importance. Through ASCE education programs, ASCE members will continue to hone their professional skills and devise innovative solutions to infrastructure challenges the world over. Aligned with evolving guidance, tools, and standards, ASCE members will be well-positioned to revitalize and empower their communities to achieve their vast potential.

Engineering Programs

Your gifts support advancing the profession through engineering programs developed to engage ASCE members and their communities. Through ASCE engineering programs, ASCE members will better understand the drivers of change, the state of our infrastructure, and future-oriented innovative solutions. ASCE members will shape the future of the profession, infrastructure, and their communities.

Leadership Programs

Your gifts support leadership training programs for ASCE members at every stage of their careers. Through ASCE leadership programs, ASCE members will be empowered to pursue and achieve their goals and become leaders in their communities. Through their leadership and innovative problem-solving, ASCE members will expand and safeguard public health, safety, and welfare.

Student Activities

Your gifts support student activities that invest in students and their development. Through ASCE student programs, current and future generations of civil engineering students connect with peers and mentors while expanding their technical and professional skills. These programs meld the energy of young people with the guidance of ASCE members to prepare and equip the next generation of civil engineers to meet the challenges of the future.

ENDOWED SCHOLARSHIP RECIPIENTS 2022-2023

Thanks to the generous support of ASCE members and their families, the ASCE Foundation provides endowed scholarships to support ASCE student members pursuing their formal education.

Lawrence W. and Francis W. Cox Scholarship
Cesar Bedolla-Hurtado,
S.M.ASCE

Eugene C. Figg, Jr. Civil Engineering Scholarship
Seth D. Anderson,
S.M.ASCE

Robert B.B. Moorman and Josephine N. Moorman Scholarship
Joni Hill, S.M.ASCE

John Lenard Civil Engineering Scholarship
Alysha Curtis, S.M.ASCE

John Lenard Civil Engineering Scholarship
Laura Moore, S.M.ASCE

Y.C. Yang Civil Engineering Scholarship
Jamie Griggs, S.M.ASCE

IMPACT

During 2022, ASCE developed a new strategic plan which emphasizes six strategic shifts. Foundation donors have helped to drive action in these areas in the following ways:

Innovate

- Released the Future World Vision: Mega City 2070 Desktop App and a trailer for the *Cities of the Future: Reimagining Our World* IMAX film.
- Financed the work of the Committee on Sustainability.

Advocate

- Backed follow-up on the 2021 Report Card for America's Infrastructure.

Inspire

- Sponsored the ASCE Concrete Canoe Competition+, which also included the Sustainable Solutions Competition and the USEI Surveying Competition.
- Supported Institute Student Competitions, including CI Student Days & AEI International Student Design Competition.
- Funded Pre-College Outreach Activities including informational sessions, Dream Big activities, the New Faces of Civil Engineering, and other member-driven activities.

Stimulate

- Supported the ExCEEd Teaching Workshop, which expanded to include an in-person and virtual option.
- Partnered with select Institute initiatives such as the SEI Futures Fund and Geo-Institute Student Participation Fund.
- Established a fund to support the launch of ASCE's first open-access journal, *ASCE OPEN: Multidisciplinary Journal of Civil Engineering*.

Magnify

- Awarded 14 StAR Fund grants to assist students in attending official ASCE events.
- Supported the work of MOSAIC.

Deliver

- Awarded five Section Centennial Anniversary Celebration Grants.
- Facilitated growth for students and student leadership through the Workshop for Student Chapter Leaders & ASCE Student Conferences.
- Led fundraising sessions for student chapters and student leaders.

PROVIDING DIRECT SUPPORT FOR STUDENTS AND ASCE GROUPS

Did you know that the Foundation directly supports students, student chapters, and other local ASCE groups?

Student Activities Reimbursement (StAR) Fund Program

Three times a year, the Foundation – with support from the Committee on Student Members – administers the StAR Fund grants to assist students in attending ASCE events. Championed by 2021 ASCE President Jean-Louis Briaud, the StAR Fund program is available to all ASCE student members interested in attending an official ASCE meeting.

2022 ASCE Foundation MRLC Grant Awardees

The Foundation also administers a grant program during the MRLCs. At the MRLC: Multi-Region Leadership Conference, the Foundation offers a \$500 grant to any local ASCE group to support their programming. Foundation representatives at the event co-host fundraising seminars for the student chapters with a local region governor and offer our expertise to review fundraising materials and offer advice on fundraising activities.

Brigham Young University Student Chapter – The BYU Student Chapter provided STEM equipment to help teach local elementary students at a lower-income school about engineering ideas and concepts.

Fresno Younger Member Forum – The Fresno YMF hosted a workshop focused on assisting recent graduates and current students in their transition into the world of full-time work. The event included a resume workshop and various informational sessions on available opportunities.

Miami-Dade Younger Member Group – The Miami-Dade YMG hosted a K-12 outreach program consisting of a variety of STEM activities. They also used this program to promote women and girls in civil engineering by engaging with local Girl Scout troops.

2022 Section Centennial Anniversary

The ASCE Foundation is proud to help sections celebrate their centennial anniversaries through our Section Centennial grant program. These \$1,000 grants are offered to support the celebratory activities planned and hosted by the section.

In 2022, the Foundation supported the **Dayton, Lehigh Valley, Sacramento, Toledo, and Virginia Section** Centennial Anniversary celebrations. These grants were able to support a broad array of celebratory programming, from gala events to digital billboards and outreach materials such as a book of local ASCE landmarks.

SAME FOUNDATION, NEW LEADERSHIP & STRUCTURE

2022 was a year of change for the ASCE Foundation. In the spring, we welcomed new leadership. In July, the Foundation officially integrated into ASCE. As part of ASCE, we have also been able to secure some new opportunities. With all of these changes, we wanted to detail what this all means for the Foundation and our community of donors.

What does this mean for our donors? – For our donors, this change will simply appear as a different tax ID (EIN). The Foundation remains the Society's fundraising wing. While now a department of ASCE, the ASCE Foundation continues to ensure that 100% of donors' gifts will support vital ASCE programs for the benefit of the profession and civil engineers globally. We continue to fund impactful programs such as the ASCE Concrete Canoe Competition+, the Report Card for America's Infrastructure, and the ExCEEd Teaching Workshop among many others that our donors love. This change was taken to optimize our organizational efficiency and to further elevate philanthropy throughout the Society.

Changing of the Guard – This year saw the retirement of Christine Williams, the Foundation's long-standing Executive Vice President, after 14 years of dedicated service. On behalf of the Foundation Board and staff, we would like to extend her our best wishes for her retirement!

Katrina Dunn joined the Foundation as our new Director of Development in May. With over 15 years of experience in association management and fundraising, she brings a wealth of knowledge to the team. Prior to joining us, Katrina served as the Director of Development for the American Fisheries Society, where she established a development program that included individual donations, corporate sponsorships, and grants from public and private organizations.

We also welcomed John Modine as ASCE's first Chief Growth and Advancement Officer. John is a senior association executive with over 25 years of experience in delivering robust revenue growth. He oversees the Growth and Advancement division of ASCE, which consists of several ASCE departments including the Foundation. Before joining ASCE, John was the President and CEO of Ambipar Holding, USA, which provides response management services for environmental and hazmat emergencies.

New Opportunities – As an integrated part of ASCE, the Foundation has had the opportunity to delve into new avenues in pursuit of our mission to advance the civil engineering profession. Among these new opportunities the Foundation has created the following new funds in the pursuit of supporting the future of civil engineering:

ASCE Open Research and Global Equity Fund – Founded in partnership with ASCE Publications, this fund will support the ASCE OPEN: *Multidisciplinary Journal of Civil Engineering*. ASCE OPEN is an open-access journal that aims to provide wider access to high-quality multidisciplinary research from researchers across the globe. This is a unique opportunity for companies to show their leadership and help to cultivate a diverse, inclusive, and engaged research community.

Vilas Mujumdar Resilience Award Endowed Fund – This award will recognize an individual who has made a significant contribution to the advancement of resiliency through models and plans for mitigation and adaptation in the face of environmental hazards.

Robert P. Wadell Transportation Endowed Scholarship – This scholarship will support outstanding college students – particularly those in their junior and senior years – who are pursuing careers in transportation engineering.

Knut Eriksen Leadership and Management Fellowship Fund – This Fellowship was created to support younger members seeking management and leadership degrees in addition to their engineering degrees. The goal is to help prepare these students and younger members for careers in leadership and management positions within the civil engineering industry.

THANK YOU TO OUR 2022 DONORS!

Listed in this report are the generous individuals and organizations making contributions to the ASCE Foundation between January 1 and December 31, 2022. Through these gifts, these donors helped fulfill our mission of building a stronger profession to meet the infrastructure challenges of the future around the globe.

1852 Society

Members of the 1852 Society are individuals whose extraordinary generosity to the ASCE Foundation totals \$100,000 or more during their lifetime. The 1852 Society is named after the year ASCE was established, paying homage to ASCE's impressive history and tradition of achievements.

FISCAL REPORT

<i>In honor of Statement of Activities / Year Ended September 30</i>	<i>ASCE Foundation</i>	<i>Foundation Fundraising Under ASCE Jun 1 - Sep 30</i>	<i>Total</i>
Revenue	2022	2022	2022
Contributions and Grants	\$734,000	\$124,000	\$858,000
Investments and Other	461,000	0	461,000
Real Estate Rent	1,367,000	0	1,367,000
Total Revenue	\$2,562,000	\$124,000	\$2,688,022
<i>Expenses and Grants</i>	2022		
ASCE Programs	\$659,000	\$0	659,000
Grant/Asset Transfer to ASCE	0	0	0
Real Estate Operations	1,061,000	0	1,061,000
Fundraising	247,000	134,000	381,000
Operations	53,000	0	53,000
General	0	0	0
Total Expenses	\$2,020,000	\$134,000	\$2,154,000

Note: The ASCE Foundation organization was dissolved as of May 31, 2022, and its remaining assets, including the building valued at \$11,629,000, were transferred to the American Society of Civil Engineers (ASCE), its affiliated organization. The Foundation's fundraising activities continue to operate within ASCE, a 501(c)3 organization, to raise funds in support of ASCE programs. During the reporting period, ASCE received a \$200,000 receipt against a pledge made in a prior fiscal year. Additionally, \$25,000 was pledged to a Future Awards account, which is not included in the Contributions and Grants mentioned above.

LOOK AHEAD

2023 PREVIEW

Cities of the Future IMAX Film

Cities of the Future: Reimagining Our World, ASCE's second IMAX film, will premiere at the ASCE 2023 Annual Convention in Chicago. Based on our Future World Vision program, the film will focus on the future of the profession, communities around the globe, and the infrastructure that will serve them while addressing the potential challenges and opportunities of the next half-century.

ASCE Civil Engineering Student Championships

Formerly the ASCE Concrete Canoe Competition+, the Civil Engineering Student Championships will take place on June 10-12, 2023, at the University of Wisconsin-Platteville. The event now hosts the finals of the National Concrete Canoe Competition, the UESI Surveying Competition, and the Sustainable Solutions Competition.

CSI SEI Futures Fund Match

Computer and Structures, Inc. (CSI) will match every donation to the SEI Futures Fund 3-to-1 through the end of 2023 up to \$250,000. Help us maximize the full impact of the CSI match opportunity by adding your name to the SEI Futures Fund Donor Community today!

WAYS TO GIVE

Make a one-time gift

At www.ascefoundation.org
or send a check to:
ASCE Foundation
1801 Alexander Bell Drive, Suite 100
Reston, VA 20191

Join the Sustainers Circle

Make a secure monthly recurring gift from a credit card or bank account.
Visit www.ascefoundation.org/how-to-give/sustaining-gift to learn more.

Gifts of Securities

Make a charitable contribution of stocks, bonds, and/or mutual funds.

Legacy

Extend your support with a legacy gift in your estate plan. Learn more at <https://asce.giftlegacy.com>.

Employer Match

Have your employer match your donation.

Honorarium/Speaker Fee

Donate your honorarium, speaker fee, or award prize. Contact the Foundation team for more information.

The ASCE Foundation is the charitable arm of the American Society of Civil Engineers (ASCE). ASCE, a 501(c)(3) nonprofit organization founded in 1852, is the nation's oldest engineering society. Donations made to the ASCE Foundation are tax-deductible to the extent permitted by law (Tax ID: 13-1635293).
