The ASCE Foundation’s Sustainable Development Initiatives Fund (SDIF) provides support for technical resources, specialty conferences, publications, and more to ensure a sustainable future in which human society has the capacity and opportunity to maintain and improve its quality of life indefinitely, without degrading the quantity, quality or the availability of natural, economic and social resources.

Your generous support of the Sustainable Development Initiatives Fund provides vital funding for these programs and will receive recognition and exposure in front of hundreds of practitioners and researchers in the field of sustainable infrastructure.

Your corporate support of the Sustainable Development Initiatives Fund will be highlighted as an integral part of the following events:

- ASCE’s International Conference on Sustainable Infrastructure (ICSI 2021). ICSI 2021 will gather attendees from practice, academia, government, technology, industry, and allied fields for a three-day virtual conference on the latest knowledge and practice surrounding Sustainable Infrastructure.
  > Virtual Conference Dates: December 6 – 10, 2021

- The International Coalition for Sustainable Infrastructure Fall 2021 Action Leadership Summit. The Coalition Summit will convene industry and city leaders from around the world to reflect on, share, and learn from the progress made in 2021 and to collaboratively envision a more sustainable resilient future through leadership, innovation, trust, and intentionally engineered action.
  > Summit Date: October 28, 2021  |  Location:  Houston, Texas

We encourage you to allow us to showcase your company and its commitment to sustainable and resilience infrastructure by supporting the ASCE Foundation and its Sustainable Development Initiatives Fund.
